UCD Professional Building
4301 X Street
Sacramento, CA 95817

Dear Dr. Cross:

Thank you very much for your letter and for letting us see your previous grant application.

The work you propose is certainly interesting. The process of application here depends upon a first letter of inquiry. I am sending you our Annual Report along with instructions for new applicants. If you determine that you would like to pursue this, your initial brief letter of inquiry would be submitted to our Executive Committee. They, in turn, would either encourage or discourage a full application, the next deadline being in November of this year for a review next spring and potential funding next summer.

Thank you for your interest and all best wishes.

Sincerely,

James Glenn /77

James F. Glenn, M.D.
